

SEPA XML GENERATOR

License Agreement

Terms of Use

This License Agreement is a legal agreement between you ("Licensee"), the end-user, and SEPA XML GENERATOR for the use of this software product ("Application") for both commercial and non-commercial purposes.

License Scope

In general, a license is assigned to an organisation against one primary bank account. Accounts can be shared within an organisation.

Site or company-wide licenses may not be used by other legal entities in the group but are limited to the respective legal entity of the licensee.

In the case of processing data on behalf of or for a customer, licenses only cover the configuration of the commissioned party and the data of one customer. Additional customers require additional licenses.

Subscription Terms

1. The subscription includes an annual right of use (calendar year).
2. It is automatically renewed for a further year unless terminated or the annual invoice has not been processed before 31 January.
3. Updates and support for annual licenses are only offered as part of the subscription.
4. Customers will be informed of the upcoming renewal by email before the license expires, usually within the first week of December.

Cancellation may be made at any time via email: info@sepaxmlgenerator.com.

Additional Modules

The Application may include modules that are subject to separate license conditions, particularly the Merge Functionality.

Transfer Restrictions

The licensed Application may not be transferred to third parties without permission. Distribution rights remain with the author. Unauthorised sharing of user credentials is prohibited.

Updates & Support

Updates and support are provided free of charge during the active subscription (calendar year). Support is available during European business hours.

Trial & Licensing

The Application may be used for up to 30 days from initial trial activation. Continued use after the trial requires a valid license; otherwise the account will be deactivated and permanently deleted.

Warranty Disclaimer

The Application is provided "AS IS" without warranty of any kind. No express or implied warranties, including merchantability or fitness for a particular purpose, are provided. We shall not be liable for any direct, indirect, consequential, or special damages, including loss of profits or savings. Nothing in this Agreement limits the statutory rights of any consumer.
